Plans are required for all other building types and shall be prepared by or under direct supervision of an architect or engineer licensed pursuant to Act No. 299 of the Public Acts of 1980, as amended, and shall bear that architect's or engineer's signature and seal. Required plans must be submitted before a permit can be issued.

V. Completing Application

General: Any regulated activity started prior to the applicant securing the permit will be charged an additional administrative fee at the same rate as the required permit fee, not to exceed \$100.00. This shall be paid prior to the issuance of the required permit. All work shall be in compliance with the electrical code currently in effect. No work shall be concealed until it has been inspected.	Expiration of Permit: A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within six months after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. A permit will be cancelled when no inspections are requested and conducted within six (6) months of the date of issuance or the date of a previous inspection. Cancelled permits cannot be refunded or reinstated.
