TEMPORARY CLOSURES IN WAKE OF COVID-19

In order to preserve the safety of all park patrons, effective at Noon, Saturday April 4th, 2020, the following temporary restrictions will go into effect at Creasy Bicentennial Park until it is deemed that these areas and activities pose no threat to public safety:

- All playgrounds will continue to remain closed
- All modern restrooms and pavilions will continue to remain closed
- The Senior Center will continue to remain closed
- The dog park will close
- The multi-use court, basketball and volleyball courts will close
- Organized groups, gatherings, athletic practices and pick-up games are prohibited
- All classes, activities, leagues and rentals for both the Recreation Division and Senior Center will remain postponed until we receive further guidance from the State and work with our community partners.

Passive recreation activities can continue out in the park while actively practicing social distancing. Users may still walk, run or cycle the multi-use path, hiking trails or park roads. We ask that patrons who come across one another to please remember to maintain at least six feet of distance. Users can enjoy their favorite book under one of the many trees or search for the diverse wildlife that call the park home.

For more information please see the attached letter or contact Grand Blanc Parks and Recreation at 810.694.0101. Please be advised staff are working remotely answering calls, emails and private messages as they come in, however if you can't get ahold of a staff member please leave a message and you'll be contacted within 24 hours.
